

We grow high quality mushrooms at Prairie, and we also grow great partnerships with our customers.

The values of honesty and integrity are at the core of our business, and like the best produce, the strongest relationships flourish over time.

We welcome the opportunity to get to know our partners, so we can live up to our reputation of fulfilling their business needs in every way possible.

***GREAT  
MUSHROOMS.  
SOLID  
RELATIONSHIPS.***

***GROWING GREAT RELATIONSHIPS WITH  
TIME-HONOURED VALUES  
AND INNOVATIVE THINKING!***

Prairie Mushrooms has been in business since 1963. As the most experienced producer and distributor of mushrooms in Western Canada, we're expanding our service across this region and into the Pacific Northwest USA.

# ***NOTHING BUT THE BEST MUSHROOMS***

When you've been supplying high quality Canadian mushrooms for as long as we have, you tend to put a lot of stock in tried and trusted methods.

This extends to how we do business. We firmly believe that the customer comes first and that building relationships is how you build your business, even when you've been doing this as long as we have.

## ***The Best of the Past, Present and Future***

We may have strong roots in the past, but we also know how to make the most of the latest technological advancements. Innovation is a watchword, and it applies to every aspect of growing and packaging your mushrooms.

As a leader in food safety, Prairie Mushrooms and its farms have SQF Level 2 7.2 Edition certification. The demand for food safety is higher than ever, and we're ahead of the curve in satisfying the demands of today's market.

### **NEW for 2016!**

**We now offer our mushroom varieties in both conventional and organic lines!**

## ***Bringing the Best to You and Your Customers***

We take our work seriously, and our reputation reflects this. That's why you can consistently expect the highest quality products from Prairie, whether they're versatile white button mushrooms or a more exotic variety, such as shiitake.

In fact, we were one of the first suppliers to introduce Portabellas to the market as an everyday choice for consumers, and we continue to set the standard for quality and value for this wonderful mushroom.

We offer mushrooms in fresh bulk and various other pre-packs, as well as dried retail and food service packs. Specialty varieties come in both retail and food service packs, and we even offer a seasoned pre-sliced pack that comes in four delicious flavours.

**Prairie Mushrooms – truly your one stop shop for mushrooms!**

## ***You're Number One***

Everything we do is with you in mind.

We're proud to have customers who have relied on us for more than a decade. This level of trust and confidence is only possible through our passion and commitment to quality produce and first-class service.

We make it our business to listen to our customers and develop alongside them, building the foundations for partnerships that grow over the years.

Come and visit us, or give us a call. You'll soon get to know us, and learn why we're so passionate about mushrooms.
